GENERAL

OVERHAUL GEARBOX 912/912S/914

Interests:

- If your gearbox has reached 1000 hours or more operating
- In case of ground contact and broken propeller

Principle:

Our mechanic conducts a complete disassembly and check all the dimension of the parts.

This package includes the labor required for disassembling, reassembling and blasted the gearbox

The following parts are included:

- 1 x Main Bearing 6207 c3 (with 9 ball instead of 8!)
- 1 x oil seal (same model , like original , with 2 lips)
- 3 x Disk spring (or 2 if no slipper clutch)
- 1 x shim washers set
- 1 x slipper clutch control (or machining of dog hub)

Transport costs are not included : consult us
